NIKHIL MULIK

Civil and Structural Engineer

Pune, Maharashtra (open to relocation) | +91 98507 73217 | nikhil.mulik@outlook.com | linkedin.com/in/nvmulik

PROFILE

Civil engineer transitioning from a structural academia and research background into full-time industry practice, supported by hands-on site experience and a 2026 MSc in Civil Construction and Real Estate Management (RTU, Distinction). Eight years of experience in structural teaching, research supervision and technical consultancy, now applying that foundation to on-site delivery and structural analysis and modelling. Strong grounding in structural design and BIM software (Revit, STAAD.Pro, ETABS), concrete technology and construction quality assessment, with a demonstrated record of peer-reviewed research and filed intellectual properties. Seeking a junior- to mid-level civil/structural engineering role where technical depth and a fast learning curve add value.

PROFESSIONAL EXPERIENCE

Assistant Engineer — Shereasava Enterprises, Pune, India *09/2024 – 01/2025*

- Supervised construction projects worth ₹5 Cr+ (approx. €550,000), site execution on two projects: a G+1 residential bungalow and an 8-storey apartment building (RCC works).
- Used Autodesk Revit for structural modelling and coordination, supporting design interpretation and on-site execution.
- Oversaw on-site construction activity, ensuring compliance with design, safety and programme requirements; coordinated subcontractors and resolved technical issues.
- Conducted site inspections, resource coordination and progress reporting, contributing to a 20% reduction in project delays by look-ahead planning.

Intern — Market & Development Analysis — SIA Dream Property Management, Riga, Latvia *04/2025 – 06/2025*

- Analysed local property market activity and development trends to support strategic planning.
- Contributed to service and strategy development for real estate and property management projects.

Intern — Tejas Buildcon Builders and Developers, Pune, India *08/2016 – 01/2017*

- Coordinated subcontractors and site resources, reducing material waste by 12%.
- Assisted in developing detailed project execution plans in consultation with clients.

ACADEMIC & RESEARCH EXPERIENCE

Assistant Professor — Indira College of Engineering and Management, Pune, India *08/2018 – 08/2024*

- Taught structural and civil engineering subjects, supervised student research and design projects.
- Carried out Revit-based structural modelling projects and guided students in applying BIM tools to design work.
- Institute Research Committee Member and Laboratory Consultancy Coordinator; prepared and submitted research proposals to government and international agencies.
- Contributed to institutional restructuring in line with AICTE (national technical education) norms.

Lecturer — Suman Ramesh Tulsiani Technical Campus, Pune, India *01/2017 – 08/2018*

- Guided undergraduate students through structural design projects and seminars; coordinated university examinations.

Visiting Lecturer — Bharati Vidyapeeth's College of Engineering, Pune, India *08/2015 – 04/2016*

- Delivered civil engineering coursework; organised annual technical festival "INSA – 2k16".

EDUCATION

MSc, Civil Construction and Real Estate Management — Riga Technical University, Riga, Latvia *01/2025 – 06/2026*
GPA 9.26/10 (Distinction)

MEng, Structural Engineering — JSPM's Rajarshi Shahu College of Engineering, Pune, India *08/2015 – 05/2017*
CGPA 7.47/10 (First Class)

BEng, Civil Engineering — Genba Sopanrao Moze College of Engineering, Pune, India *08/2011 – 05/2015*
63.67% (First Class)

RESEARCH OUTPUT & INTELLECTUAL PROPERTY

- 6 peer-reviewed publications in structural health monitoring, concrete quality assessment and non-destructive testing, including IC3I (2023) and IRJET (2019).
- 6 filed patents/design patents in India, spanning coastal retaining wall retrofit systems, IoT-based wastewater management and sustainable concrete materials.

- Co-author, "Advanced Concrete Technology" (RG International Publication, 2024); contributing author, "Transcending Boundaries" (2024).
- Conference speaker: CIVILPGCON (2017); 4th International Conference on Trends & Recent Advances in Civil Engineering (2022).

TECHNICAL SKILLS

Structural analysis & design: Revit, AutoCAD (2D/3D), StaadPro, ETABS | Visualisation: SketchUp | Site execution & land surveying | Concrete quality assessment & non-destructive testing | MS Office

AWARDS & LANGUAGES

Outstanding Faculty in Civil Engineering — The World Education Congress and Awards (07/2024)

English — IELTS 7.0 (professional working proficiency)
